

## SCRAP Volunteer Support

### Background Information:

Scrap Creative Reuse Arts Project Ltd (SCRAP) is an innovative social enterprise providing a wide range of materials and inspiration for art and play.

The aim of SCRAP is to encourage an inventive response to climate change and environmental issues through the collection and redistribution of non-toxic, non-hazardous waste. We do this by working with local businesses and light industry to redirect their waste materials, originally destined for landfill, and making them available for sale to individuals, organisations and groups in our Scrap Store.

SCRAP also offers volunteer placements to individuals from a variety of backgrounds, skills and experiences through work experience and project activities all from our base in Sunny Bank Mills, Farsley, Leeds.

Scrap Staff recognise and work within the ethos of SCRAP:

We find creative ways to re-use waste materials which would otherwise go to landfill, and our mission is to:

- divert increasing amounts of waste from landfill for creative re-use
- inspire people to think positively about waste materials
- run a business that values people – our staff, volunteers and customers
- run a social enterprise that is socially, financially and environmentally sustainable
